

Hillman: Success in Manufacturing

- 18% Reduction in Finished Goods Inventories.
- Increased complete order fill-rate (according to customer request date) from 96% to 98%, resulting in the reduction of late shipments by half.
- Synchronized inventory policies and planning on a world wide basis.
- Improved global inventory turns by 20%.

“Through GAINS inventory optimization support, we were able to reduce inventories and eliminate a warehouse while simultaneously increasing our turns and customer service levels. GAINS enabled us to achieve service levels with significantly less inventory than our ERP tool did.”

– Vice President, Operations
